Statement of Purpose

Modern Psychological Studies (MPS) is a psychological journal devoted exclusively to publishing manuscripts by undergraduates. We are continuously seeking quality manuscripts for publication, and will consider manuscripts in any area of psychology. Although MPS primarily focuses on results from experimental research, there are also opportunities for theoretical papers, literature reviews and book reviews to be published.

MPS is edited and reviewed by undergraduate students. We strive to make the journal submission process a learning experience and to encourage quality research. By placing the journal in the hands of undergraduates, the editorial staff at MPS wish to emphasize to fellow undergraduates that:

We are capable of doing meaningful, quality work, and of communicating that work to interested students and professionals. We are capable ourselves of directing the meandering focus of the psychological profession.
Submission and Subscription Information

Submission Guidelines
1. An undergraduate student must be the first author on the manuscript, but faculty members can be co-authors. We will publish papers submitted by graduate students if the research described in the paper was completed as an undergraduate.

2. We only publish original research. Please do not submit papers that are being reviewed or have been published by other journals. However, research that has been presented at a conference is acceptable for submission.

3. We publish empirical research (quantitative and qualitative), theoretical papers, literature reviews, and book reviews.

4. Manuscripts must strictly adhere to APA format.

5. Please send your submission to us electronically in Microsoft Word format using 12 point font. Include on the first page of the manuscript:
   1) Title of paper
   2) Name(s) of the author(s)
   3) Name and address of your school
   4) Name, phone, and address of your advisor for this project
   5) Name, phone, and current address of primary author where he/she can be reached at all times.

6. We do not accept mailed hard copies.

7. We require that you provide all tables, figures, and appendices in PDF and Microsoft Word format in separate files.

8. Send submissions electronically via EMAIL to both UTCmps@gmail.com and David-Ross@utc.edu.

9. Dr. David Ross is the faculty advisor to MPS. However, all decisions regarding the publication of manuscripts is at the discretion of the editor and editorial board. Dr. Ross can be reached at the following number: 423-425-5288, and his mailing address is:
